Objective

Passionate Machine Learning student with strong Python and AI skills. Interested in building intelligent AI solutions and automation systems.

Eager to apply technical knowledge and problem-solving skills to real-world Machine Learning project.

Education

B.Tech.inComputerScienceAI, Arya Institute of Engineering Technology And Management, jaipur 2023 – Expected 2027

Schooling

Class XII

Class X

Score

87.77%

90%

Skills

Languages & Frameworks:

Python
C
Flask
SQL

AI & Data Science:

NumPy,
Matplotlib
Scikit-learn
Pandas
YOLOv8

Tools & Platforms

Git,
Linux
Arduino IDE
Cursor
Visual Studio

Soft Skills

Leader ship
Communicaon
ProblemSolving

Projects

■ Portable Hospital AI | Python, Flask, TensorFlow, Machine Learning | Jan 2026 – Mar 2026

Developed an AI-powered healthcare platform with medicine recommendations, BMI analysis, and multiple health assessment features.

Integrated machine learning models to deliver real-time predictions and support preliminary healthcare decisions.

■ Krashi Kalyan | Python, Machine Learning, Flask | Nov 2025 – Jan 2026

Built an AI-based agriculture platform for crop recommendations and smart farming assistance.

Integrated machine learning models to improve agricultural decision-making.

■ Data Hub | Python, Flask, SQL | Sept 2025 – Oct 2025

Developed a platform connecting data providers with clients for secure dataset sharing.

Implemented authentication, dataset management, and role-based access control.

■ StreamLite | Next.js, TypeScript, Tailwind CSS, Supabase | May 2025 – Jun 2025

Built a responsive streaming platform with secure authentication and real-time backend integration.

Optimized performance and user experience using modern web technologies.

■ E-Commerce Website | HTML, CSS, JavaScript, Python, Flask, SQLite | Aug 2024 – Oct 2024

Developed a full-stack e-commerce platform with user authentication, product management, and shopping cart functionality.

Implemented a responsive interface and secure database integration for efficient order management.

Certificates

■ Winner– VGUNational Project Exhibition (2025)

- Hackstorm 24-Hour Hackathon (Oct–Nov 2025)
 - Rajasthan Digifest × TiE Hackathon (Dec 2025)
 - Edu Chain Builders Connect – Graduation Certificate (2025)
 - Sphinx'25 Hackathon, MNIT Jaipur (Sept 2024)
-

Experience

- ➔ Participated in multiple hackathons, successfully developing AI and Python-based solutions within strict deadlines.
- ➔ Mentored students in Python programming, helping them build strong programming fundamentals through hands-on coding sessions
- ➔ Collaborated with teams in fast-paced environments, enhancing technical, communication, and teamwork skills while delivering projects within limited timeframes.
